Dear Colleagues,

On behalf of the Organizing Committee, we invite you to attend the “18th International Conference on Laser Applications in Life Science” (LALS-2024). The conference is scheduled to be held from October 11-14, 2024 at the Convention Centre of the Liberty Hotels Lykia/Oludeniz in Muğla, Turkey.

The aim of LALS-2024 is to provide a global platform for researchers, engineers, and physicians to present and discuss recent optical techniques and innovations aimed at applications in life science. We hope to bring together professionals and scientists from various areas of life sciences to introduce novel biophotonics methods to healthcare professionals, encourage knowledge exchange, and promote the establishment of cooperation ventures. The scientific program will include plenary and invited talks, and we will also offer a wide range of social programs such as boat cruises and visits to historical places.

We welcome companies and institutions to showcase their state-of-the-art products and equipment in the conference area.

We look forward to your participation in LALS-2024 and meeting you at the conference.

Best regards,

Conference chair,

Prof., Dr. Kirill Larin (University of Houston, USA)

International Conference on Laser Applications in Life Sciences

- LALS is a biannual conference series that draws around 150-300 participants from over 30 countries and is held in various locations. The inaugural conference was initiated by Prof. Sergey Akhmanov of M.V. Lomonosov Moscow State University and firstly held in Prague, Czechoslovakia in 1986.

- LALS is one of the leading events in the area of laser applications in life sciences, at the edge of laser physics, photochemistry, photobiology, photobiomedicine, and biophotonics.

- The conference has been held in several locations over the years, including Prague, Czechoslovakia (1986); Pecs, Hungary (1988); Moscow, Russia (1990); Jyväskyla, Finland (1992); Minsk, Belarus (1994); Jena, Germany (1996); Bratislava, Slovakia (1998); Tokyo, Japan (2000); Vilnius, Lithuania (2002); Moscow, Russia (2007); Taipei, Taiwan (2008); Oulu, Finland (2010); Ulm, Germany (2014); Shenzhen, China (2016); Ramat-Gan, Israel (2018); Nancy, France (2022); and Muğla, Turkey (2023).

- The LALS program includes plenary sessions, keynotes, invited papers, and selected contributed oral, poster, and post-deadline papers. It provides a forum for researchers, academics, and industry professionals to exchange ideas and discuss the latest advancements in the field of laser applications in life sciences.
